YOUR EXPERIENCE

DAY 01 - THE ARRIVAL

Your plane descends towards Rovaniemi Airport, and you get your first glimpse of the winter wonderland where you'll spend the next few days.

As you step off the plane, you catch your first breath of the cold, clean air as you are welcomed by your personal host, who will look after you during your stay. Your first stop will be at our airport-based private lounge to get your winter clothing that will keep you warm and dry the coming days. You'll emerge into the cold air, wearing our comfortable, Arctic-proofed gear, ready for adventure.

When leaving the airport, one of our exclusive cars will whisk you away on a 15-minute drive into the Arctic wilderness, where the warm fire of your Christmas wooden chalet awaits. During your three nights stay, your meals will be prepared by your very own private chef, so you can relax and enjoy the Christmas spirit.

YOUR EXPERIENCE

DAY 01 - SURPRISE VISIT FROM AN ELF

A soft knock on the door will bring your attention to a visit from a real elf, who has plenty of ideas for snow activities or gingerbread baking. While children play with the elf, the parents can relax and have a sip of the warm mulled wine or house wine.

YOUR EXPERIENCE

DAY 01 - SEARCHING FOR NORTHERN LIGHTS WITH YOUR GUIDE

After a welcome meal, your guide will take you out to introduce you to the region. The children will learn to make snow lanterns and build a snowman to decorate your chalet. We'll get on the snowshoes and toboggans, that will be available for you to use for the entire duration of your stay. Once we're comfortable with our Arctic transport, your host will take you out in hunt of the Northern Lights, and show you the best places to spot the phenomenon.

During your stay your host will also keep an eye on the Northern Lights activity, and alert you at any time, should our skies be dancing.

YOUR EXPERIENCE

DAY 02 - HUSKY SLEDDING

After tasty breakfast, your guide knocks on the door, ready to take you out for dog sledding.

At the husky kennel, you'll meet the dogs, their excited barks filling the air. You are provided with all the necessary equipment, and taught how to drive a team of dogs. With the children safely wrapped up in warm furs in the sleigh, you set off! As you slide through the snow and into the wilderness, the barking of the dogs subsides, and all you can hear is the pounding of paws and the sound of the sledge on the snow. Standing on the runners, by placing your weight, the dogs turn, and you are entirely in the moment. The white and magical landscape slips by as the dogs pick up speed. Their joy at pulling the sleigh is contagious, and you see broad, happy smiles on everyone's faces.

Afterwards you will have time at the kennel to visit the dogs and their puppies, while your chef is preparing you a forest meal that you will enjoy by a camp fire in a cosy, Lappish 'kota' building.

Leaving the eager sled dogs behind, we set off for the next adventure: snowmobiling!

DAY 02 - SNOWMOBILE ADVENTURE

A snowmobile ride is a highlight of any Arctic adventure, and not to be missed. After a brief introduction to safety and the controls of the snowmobiles, it's time to set off on our state-of-art snowmobiles for your tailor-made excursion into the wild. Through forests and over hills packed with snow, you'll drive deep into the wilderness where not many have been. You'll get the chance to let rip across a frozen lake and experience the speed, the freedom and the adrenaline rush that can only be had when these thrilling machines roar over the snow.

While a driving licence is needed to operate a snowmobile, children and those without licences get to enjoy being pulled along in a sleigh. Adults and older children can also share a snowmobile with the driver as you ride through the beautiful snowy landscapes.

DAY 02 - MINI-SKIDOO RIDE

After having experienced the excitement of being pulled along in a sleigh, it's time to let the children drive. We have a designated mini-skidoo track where children can try riding their own mini-skidoos. Our staff will be there to ensure the safety of the little riders.

This experience gives the children and young riders the chance to experience the thrill of the ride in a safe way. While the children try out driving themselves, adults can enjoy warm snacks over the campfire. After all day outdoors, you are surely happy to return to your Christmas Chalet where your chef is waiting for you with dinner.

DAY 03 - THE LIFE OF REINDEER AND IN SEARCH OF SANTA

You wake up to another snow-white morning and the inviting smell of fresh breakfast prepared by your chef. Your host will pick you up for another day of adventure. Driving through the snowy landscape, surrounded by never ending wilderness, you arrive to the magical home of reindeer. Here's the reindeer waiting for you to hop on the sleigh. Warmly wrapped and tucked in the sleigh, you start another journey in the forest until you arrive to a hidden hut, smoke coming out of the chimney. Who may live here, hidden away? Did we just see an elf disappearing towards the hut? Let your children discover who is keeping warm in the hut, perhaps you are invited in for a story of your lifetime? Is it Santa himself, waiting with the presents?

YOUR EXPERIENCE

DAY 03 - THE LIFE OF REINDEER AND IN SEARCH OF SANTA

The reindeer will pull you through the forest and introduce you to the life of a reindeer. You will arrive to a Lappish kota where the reindeer herder is waiting for you. While you enjoy a delicious lunch cooked by an open fire, you will hear fascinating stories about the life in Lapland that evolves around the reindeer. As you drive back towards your Christmas Chalet, the sun sets, the sky turns gold, but this day will live on forever.

YOUR EXPERIENCE

DAY 03 - TIME FOR LEISURE

In the afternoon you will have time at leisure to enjoy many delights of Lapland. Your host can take you out tobogganing, skiing or for a snow shoe walk in the forest. Or perhaps you wish to visit Arktikum, an interactive science centre where you can learn everything about the life in the Arctic. Alternatively you can visit the city centre, local natural attractions or simply enjoy cosy family time in the Christmas Chalet.

YOUR EXPERIENCE

DAY 03 - EVENING SNOWMOBILING

After the dinner it is time for another snowmobiling adventure - this time in the evening. Warmly tucked in the sleigh, you will drive out in the darkness, away from the light pollution and the city noises. It is so quiet you can hear the silence, as you make a stop in the forest overlooking the Northern sky. Together with your guide you will make a fire to keep you warm and enjoy some snacks and warm drinks, and with some luck you might even see magical Northern lights.

DAY 04 - HANDICRAFT WORKSHOP

The sun hardly rises above the horizon on your final day in Lapland – but the fresh Arctic air and the bountiful memories from your trip will put a smile on your face.

After your breakfast, it's time to check out and your host is waiting to take you for your last adventure before your departure. Today we will visit an exclusive handicraft workshop in true Lappish settings. As you step inside the cosy red cottage, you'll be welcomed by one of the region's best handicraft artisans. After introducing you to some of the materials and methods she uses to make her delightful souvenirs, you'll get a chance to make your own. Using the shed reindeer horns that can be found lying in the Lapland wilderness, you'll learn how to craft your own unique horn souvenir to take home with you, so you can impress your friends with your newly acquired skills.

As you work on your masterpiece, you might notice a delicious aroma wafting through the house. Your host is also an excellent cook, and likes to share her delicacies with a warm drink and a story from Lapland. The handicraft workshop is a unique opportunity to get a real taste of life in Lapland, and a chance to take something special home.

YOUR EXPERIENCE

DAY 04 - THE DEPARTURE

After your hands on Lapland experience and a delicious lunch, your transfer is waiting, ready to take you to the airport.

If your departure time allows, we'll create yet another adventure for the day, as we will be at your disposal until your plane leaves and it's time to say goodbye to your host.

It's been a pleasure having you here, and while it's always sad to see people leave, we're sure one day you'll return again!

GLASS IGLOO ADD-ON

EXPERIENCE A UNIQUE NIGHT IN THE ARCTIC

(2 adults and 2 children under 12 year)

In the Arctic we have become innovative in the ways we invite the transient winter light into our homes to escape the darkness of the polar nights. Glass-roofed igloos are one of the solutions, inviting not only the light in but the residents to enjoy the nature's nightly light show, and sleep under the Northern Lights.

The gorgeous Glass Igloo Suites are situated two hours' drive from our Christmas Chalets. The glass-ceilinged igloos rest on the fell slope, at an altitude of about 340 m. They offer guests luxury on the edge of the wilderness: a view of the rugged fell landscape and the northern sky. As well as the spectacular view, the suite glass igloos also provide a surprisingly spacious interior with high-level amenities. The surface area of the suite igloo is 53m² and amenities include bedroom area with one 180cm double bed, lounge with dining table and sofa bed and terrace with own outdoor jacuzzi. Each of the suite igloos also have a small kitchen including microwave oven, electric kettle, coffee maker, small dishwasher and refrigerator.

GLASS IGLOO ADD-ON

EXPERIENCE A UNIQUE NIGHT IN THE ARCTIC

(2 adults and 2 children under 12 year)

You can drift off to sleep in a luxurious warm bed on the fell slope while admiring the starry arctic sky – you do not even have to leave the igloo during your stay if you do not want to. And if the Northern lights are dancing in the skies above, all you need to do is to open your eyes and enjoy the spectacle.

During your stay you will also enjoy a 3-course dinner at the Aurora Sky restaurant. Similarly to the igloos, the walls and ceiling of the second floor of the restaurant are entirely made of glass, offering an unobstructed view to the horizon. During daylight time, the magnificent fell landscape adds its own spice to the gourmet moment. The stylish downstairs floor, on the other hand, delights with the blaze of log-fire and an intimate atmosphere. The flavours offered in Aurora Sky will not play second fiddle to the landscape. The menu, based on seasonal ingredients, pays homage to the clean northern nature and its varying seasons. In addition to welcome dinner, you will be enjoying your breakfast at the Aurora Sky restaurant.
